Upon Honorable Robert E. Weber,
in accordance to paragraph 9 of the
Notice to Retiree Relieve Represented by
the U.A.W. of sale of debtors assets
and approval of the new Relieve
Settlement agreement I must object
to portions of the Relieve Medical
Benefit Plan. The increase cost
of prescription drugs and the
elimination of the Medicine Part B
Special Benefit will be an extreme
burden and may cause me to
discontinue the use of some of my
life saving medications. I ask
that you consider lowering this
increase or to help me find an
alternative way to subsidize the
purchase of our prescriptions.
Thank you
Richard Meeker - U.A.W. Relieve
